Speaker:

Dr. Mutum Babita Devi
Assistant professor
Department of Botany

About the workshop: Mushroom cultivation is a technology of growing mushrooms using plant, animal and industrial waste. This technology has gained importance worldwide because of its dietary fibers, proteins value, vitamins and minerals. Nowadays, mushroom cultivation is the most productive and profitable business in India. So, this workshop can help to reduce vulnerability to poverty and strengthens livelihoods through the generation of a fast yielding and nutritious source of food and a reliable source of income.
