ONE DAY TRAINING PROGRAMME ON

“PREPARATION OF HAND SANITIZER”

Organized By:
Dept. of BIOTECHNOLOGY AND DEPT. OF CHEMISTRY, T.S.
Paul Manipur Women's College, Mongshangei

On
Saturday,
4th December, 2021
10.30 AM
at
Conference Hall, TSPMWC

About the Program

The primary objective of this program is to equip participants with the knowledge and practical skills necessary for the safe and effective preparation of hand sanitizer. Hand hygiene is crucial, especially in the context of disease prevention, and hand sanitizers play a vital role in maintaining cleanliness and reducing the spread of infections.

Understanding the Importance of Hand Hygiene:

- Participants will learn about the significance of proper hand hygiene in preventing the transmission of diseases.
- Emphasis will be placed on the role of hand sanitizers as an alternative when soap and water are not readily available.

**Report on
One Day Training Programme
on
PREPARATION OF HAND SANITIZER**

One Day Training Programme on **“Preparation of hand sanitizer”** jointly organized by Department of Biotechnology and Department of Chemistry, T.S. Paul Manipur Women's College, Mongshangei, Imphal on 4th Dec 2021 at T.S. Paul Manipur Women's College, Mongshangei, Imphal

A one Day Training Programme on **“Preparation of hand sanitizer”** jointly organized by Department of Biotechnology and Department of Chemistry, T.S. Paul Manipur Women's College, Mongshangei, Imphal on 4th Dec 2021 at T.S. Paul Manipur Women's College. All together 10 students of the college attended the training.

Inaugural session:

The one Day Training Programme on **“Preparation of hand sanitizer”** was inaugurated by Principal Dr. N. Sachi on 4th Dec 2021 at 10:30 A.M. at the conference hall of T.S. Paul Manipur Women's College, (TSPMWC) Mongshangei, Imphal West. Dr. Dayabati Sagapam, Dept.of Biotechnology, and Dr. Saikhom Binita Chanu was the Programme Co-ordinator of the said training programme.

Technical session:

Dr. Khumukcham Nongalleima, Department of Biotechnology acted as resource person of the training. Hand sanitizer was prepared using the WHO formulations with a slight modifications. Antifungal and antibacterial plant e.g., *Vitex negundo* locally called as “urikshibi” which is grown abundantly in the campus was used. Turmeric powder was also used. Hand sanitizer thus produced was herbal based. College staffs and students bought the produced sanitizer.

Programme concludes with vote of thanks.
